## What is My D.N.A.?

My D.N.A. Stands for....

My **D**ocuments **N**eeded **A**fter:

- An Accident
- A Medical Emergency
- An Operation
- Any Life Changing Event
- An Immediate Family Member's Death

Participation in a My D.N.A. Docs Workshop will enable you to organize all of your important records and documents for daily use and future planning. You will eliminate time and frustration locating vital documents when you need them most.

Our streamlined process will prepare you for any situation or death of a loved one. By the end of our workshop you will leave with a completed binder, along with a portable file that holds your bulky policies and original documents. You will always be ready for any emergency!

**Before**

**After**

The My D.N.A. Docs team realizes that we will be working with a lot of your personal information. We have taken all necessary steps to ensure your material will be protected and respected. More details will be provided during the seminars and workshops!

## Is My Paper Life Really Organized?

• What if you had to vacate your home due to some type of a disaster, and had only a few minutes to gather everything needed to identify you... important papers, family history, medical information & treasured pictures. How long would it take you?

• When a death in the family occurs, suddenly or because of an illness, will family members know where to start or who to contact?

## How Is This Daunting Task Accomplished?

My D.N.A. Docs, LLC has taken all the guess work out of this process and created an easy to follow workshop that is led by Dragon Design, LLC's staff members. Their team will oversee the process from start to finish. You will have homework assignments in between each session. When you arrive each week, you will be ready to complete the next section of your binder.

## Workshop Schedule
